SUBJECT : Evaluation of Program.

The Office of Training wishes to prepare an evaluation of the two super area programs held during July and August. This evaluation depends primarily on your assessments. It will be used for guidance in planning future related programs. Four contribution of comment and constructive suggestions will be much appreciated (It is emphasized that collection of only favorable, or programs) assemble comments is not the object of this assessment. It is desired to assemble objective favorable and unfavorable comments as guidance for planning future related programs). It is suggested that your remarks include comments on the following points.

- l. Do you feel that this type of area program can contribute to increasing analyst effectiveness? If so, why? If not, why not? What type of program would be more useful?
- 2. Do you feel that this particular program was useful to you? If so, how? If not, why not?
 - 3. Please coment on the following:
 - a. Content and scope of subject matter (Particularly, did you feel that it was relevant or irrelevant to your normal work problems; that it was possibly relevant, but of a nature that it is assumed analysts in your component necessarily have before they can qualify for the work for which they were employed; that it was relevant, but too general or too specific.)
 - bo Manner and method of presentation.
 - e. Time allotted for course (Was the number of weeks inadepente, adequate or expessive? Was the period of two hours for each session tenshort, satisfactory, or too long?)
 - do Was the balance between lecture and discussion satisfactory, or do you feel that it would have been helpful to have more discussion or less discussion? Would you favor having certain particle devoted entirely to discussion of selected problems?

I feel that The class, as a whole is a good idea. The length of time was inadequate, due to the large respe of material presented in my openien, if each instructor gave his lectures, instrud 7 some queec, at The same time with no break in subject matter, et would be lavier to factow. Geography of the region should be fuit to understand The land & people and then go on to Manamier, religion, V political Ruines, not necessarily in that under . Plus, hen heguisel the laune would have Approved For Release 2003/54/10/16/ATRADES 6A000100040027-6

Would not have time for Belease 2003/11/9 preparatien of eventen papers. Class derusien, if heading had heen dane, shaved have been given mare time. This rauel have been done, any if the length of the class ward larger. On the whale, the entructors were good. the room was had, as there were. no windows and the temperature was high. The class was hereferied and injugate and, in my apinion, should he continued. 25X1
